

MODERN SLAVERY ACT TRANSPARENCY STATEMENT

August Storck KG (Storck) and its subsidiary company as Storck UK Ltd anti-slavery and human trafficking statement for the financial year ended 31st December 2025

This statement is made to section 54(1) of the UK Modern Slavery Act 2015. The purpose of the Modern Slavery Act is to prevent modern slavery in a company's organization and its supply chain. August Storck KG (Storck) and its subsidiary company as Storck UK Ltd. fully support the goals of the Modern Slavery Act.

Storck successfully produces chocolate specialties and quality sugar confectionery under some of the best-loved sweets brands like Werther's Original, merci and Toffifee. Starting as a candy manufacturer in 1903, the company is still a private, owner-managed family business and is among the 10 largest confectionery manufacturers worldwide. Our sweets are produced at our production sites in Germany from where they are shipped to all international markets. More than 100 countries around the world are supplied with our unique brands and products.

Storck confirms its strong determination to contribute to the elimination of all forms of slavery or human trafficking. It supports the protection of human rights and advances respect for human rights in its supply chains. Storck is certified according to the internationally accredited social standard Social Accountability 8000 (SA8000).

SA8000 is a standard, which was founded by non-profit organization "SAI" (Social Accountability International). A company that is audited and certified according to SA8000 documents a socially responsible management system accounting for the rights of employees, their working conditions and elementary human rights in the business operations of a company. Therefore, in the standard SA8000, particular emphasis is placed on issues such as child labour, slavery, health and safety, freedom of association, discrimination, disciplining, working hours, salary and a management system to ensure the compliance with these aspects. If you are interested to find out more about this standard, please refer to <http://www.sa-intl.org/>.

Storck has established a social code of conduct which is based on the aforementioned aspects of the SA8000 standard and applies internationally to all subsidiaries. All our employees are regularly trained to be familiar with the social standard in order to identify and remedy modern slavery. Storck takes care that its suppliers throughout the entire supply chain are in compliance with the principles of the standard SA8000.
